After that, we will cruise to the Blue Lagoon, a natural swimming pool with shimmering blue waters that are simply mesmerizing.

Next, we will make our way to Faneromeni, a picturesque bay with breathtaking views. Then we will explore Spilies, a stunning set of caves that have been carved out of the rocks over the centuries. We will then take a lunch break to enjoy some delicious local cuisine.

After lunch, we will visit the Despotiko Temple, a site of great archaeological significance, and learn about the history of the island. Then we will head to Agios Nikolaos, a charming village with beautiful whitewashed houses and a quaint harbor. Finally, we will make our way back to Paros, where our tour ends.
