The Island's Charm

Mykonian Light

Every captured moment in Mykonos is a portrait of eternity. An island known for its cosmopolitan atmosphere and lavish lifestyle. The blue-crystal water and the peerless beaches, are part of the island's charm, along with the meltemi, the strong, dry north wind of the Aegean. There is also the magical Mykonian light. Locals believe that it's related to the neighboring island of Delos. Delos is designated as an archaeological site, a UNESCO world heritage site.
