# Syros

Rich history

# The Capital

Peeling little Ermoupolis is the capital of the Cyclades. This town was partly constructed by Venetians, which means it has an Italian feel: piazzas of marble, grand villas and more dusky-pink buildings in opposing to the Aegean than classic white and blue. You won't miss the endless blue as the coastline is fringed with beautiful beaches. The island's rich history also makes it a great gastronomical destination.

# Trip Information
